School Improvement Planning and Monitoring Process

Goal:
Enhance math achievement

Specific Target:
Reduce percentages of the lowest group of students by 3% who do not meet or exceed math GLEs/GSEs.

Expected Increments of Gains:
3% annual increase of students of students who meet or who exceed the standard in math.
3% annual decrease of students who are below proficiency in math GLEs/GSEs.

TACTIC/OBJECTIVE FOR SCHOOL CHANGE	EVIDENCE OF NEED	ACTION/STRATEGY	MEANS/ASSISTANCE REQUIRED	EVALUATION AND EXPECTED OUTCOME
<p>1. Create a comprehensive standards-based instructional program with a particular focus on teaching problem solving, concept application, and GLEs/GSEs across all grade levels.</p>	<p>1a. State Assessments <u>NECAP - Math</u></p> <ul style="list-style-type: none"> • Elementary Grades 3-6 <u>Proficient (Levels 3 & 4)</u> – 32% <u>Partially Proficient (Level 2)</u> – 27% <u>Substantially Below Proficient</u> – 41% <p>Disaggregated Results - Gender</p> <ul style="list-style-type: none"> • Elementary Grades 3-6 <u>Proficient</u> Males: 27% Females: 35.5% <u>Partially Proficient</u> Males: 26% Females: 29% <u>Substantially Below Proficient</u> Males: 47% Females: 35.5% <ul style="list-style-type: none"> • Middle School Grades 7-8 <u>Proficient (Levels 3 & 4)</u> – 48% <u>Partially Proficient (Level 2)</u> – 35% <u>Substantially Below Proficient</u> – 17% 	<p>1a. Design Professional Development in:</p> <ul style="list-style-type: none"> • Understanding of math GLEs and GSEs. • Mapping of coursework, curriculum, and assessments to math GLEs and GSEs. • Understanding and creating lessons that incorporate GLEs and GSEs. • Understanding and developing assessments (common tasks, end-of-course assessments, portfolio work) that are aligned to the math GSEs. • Program Implementation • Use of manipulatives <p>1b. Provide opportunities for ongoing divisional articulation and alignment of curriculum.</p> <p>1c. Provide opportunities for peer observation during the teaching of mathematics.</p>	<p>1a. Continued allotment of budget funds for purchase of math materials of instruction.</p> <p>1b. Ongoing department meetings focused on math achievement.</p> <p>1c. Provide common planning time for grade levels, content areas, and cross-grade levels on a periodic basis in order to allow for planning of teaching strategies and to examine student work in the area of math.</p> <p>1d. Employment of a math coach/ specialist.</p> <p>1f. Continued allocation of funds for content area coordinators (secondary school) to assist with the PBGR criteria of aligning math GSEs to all coursework and assessments.</p>	<p>1a. Teachers will Increase their understanding of teaching the math GLEs and GSEs in content areas as observed in teaching practice and in coursework.</p> <p>1b. Annual gains on state math assessments at all grade levels.</p> <p>1c. Increase in the proficient scores on disaggregated data.</p> <p>1d. Increase of proficient scores on student portfolio work.</p> <p>1e. Increased % of students passing course work.</p> <p>1f. Upgraded evaluation from PBGR Peer Review and Commissioner's Review in all areas of need for technical support.</p>

Three Year Plan
2007-2010**

<p>2. Create a math ramp-up extended-school and summer program for students in the elementary and secondary school grades.</p>	<p>2a. State Assessments <u>NECAP</u></p> <ul style="list-style-type: none"> ● See above scores <p>2b. School-Based Assessments: noted above:</p> <ul style="list-style-type: none"> ● Report Card Grades ● Student Work ● Teacher Observation ● Progress Reports 	<p>2a. Frame divisional/department professional development around math GLEs, including the use of math strategies, problem solving and mathematical concepts.</p> <p>2b. Design and implement math extended-school day ramp-up program and summer program.</p> <p>2c. Identify eligible students for the extended-school day ramp-up program</p> <p>2d. Identify expected outcomes for each grade/division by the end of the extended-day and summer programs.</p> <p>2e. Identify, and administer pre-, mid-, and post-assessments to measure student progress toward the math GLEs and GSEs.</p> <p>2f. Identify and implement common rubrics for measuring student academic gains and provide training for teaching staff.</p>	<p>2a. Identify budgetary needs and allocate funds for ramp-up and summer programs.</p> <p>2b. Identify a coordinator of the summer programs.</p> <p>2c. Identify and train teaching staff of the ramp-up and the summer math programs.</p>	<p>2a. Academic gains on pre-, mid-, and post-assessments.</p> <p>2b. Annual gains on statewide math assessments.</p> <p>2c. Academic gains on classroom math performance.</p>
<p>3. Involve parents more fully as partners in preparing students for high achievement in math and Proficiency Based Graduation Requirements.</p>	<p>3a. Informal assessments – completion and accuracy of student homework assignments in math.</p> <p>3b. Commissioner's Review – communication to parents regarding PBGR System.</p>	<p>3a. Provide concrete information to parents on tips for helping children demonstrate proficiency on math GSEs.</p> <p>3c. Establish a parent volunteer program, which provides training for parents to work with students in math.</p> <p>3e. Create summer curriculum packets for grades K-6 and summer math/curriculum packets for grades 7-12 to encourage parent involvement and understanding of problem solving and mathematical concepts.</p>	<p>3a. Identify budgetary needs and allocate funds for parent programs.</p> <p>3b. Select coordinator for parent publications, parent workshops, parent training for K-12 or divisional levels.</p> <p>3c. Identify teacher volunteers for disseminating information at parent workshops.</p> <p>3f. Establish a core group of consistent parent volunteers for classroom work.</p>	<p>3a. Increased parent understanding of mathematical concepts and problem solving as indicated on SALT survey results.</p> <p>3b. Academic gains on:</p> <ul style="list-style-type: none"> ● homework proficiency in math assignments, ● classroom problem solving performance, and ● state math assessments.
